

EDITH LANDO VIRTUAL LEARNING CENTRE (ELVLC)

Digital Pedagogy Lab Grant

Project Proposal & Budget

Project Description

Provide an overview of your project activities, noting:

- Clear rationale of the need, methodology, and objectives of the project, as they align with ELVLC/UBC strategic goals
- Description of the use of digital technology to meet the project objectives
- Evidence of consultation with community stakeholders, and proposed impact/outcomes
- Your leadership role a a timeline for your activities

Connection to Strategic Priorities

Describe how your project connects to UBC's strategic priorities. Connection(s) can be made to any university strategic initiatives, including the UBC strategic plan, the Indigenous strategic plan, the Faculty of Education strategic plan.

Connection to Thematic Priorities & Key Communities

Describe how your project connects to the ELVLC thematic priorities (i.e. Early Childhood Education, Rural/Remote Education, Indigenous Education, Immigrant/Refugee Education, Special Needs Education). As this funding is meant to provide **direct benefit** to communities, please include clear statements linking outcomes and impacts to those communities that you have identified.

Outcomes & Impact

Describe how you plan to evaluate outcomes and impact for your project and partners. Please keep in mind the final report, as well as the virtual format of the ELVLC. Indicate how you plan to document and share the various aspects of your project, as well as outcome/impact for the community. Given the non-traditional nature of the Centre and its initiatives, we encourage you to be creative in your conception of “documentation,” including use of visual, auditory or other representations.

Deliverables

This grant is intended to support virtual/online teaching and learning resources. Please detail the digital resources you intend to create, and articulate a plan for sharing them back with the Edith Lando Virtual Learning Centre at the completion of your project.

Budget Request

Keeping in mind the [ELVLC eligibility guidelines](#), please provide a numeric budget that shows how funds will be spent on **specific** expenses. Also, provide a **narrative justification** for **each expense** in relation to the objectives and scope of the project. Take special care to delineate how funds will be spent, particularly as they relate to and support direct impacts to communities. Please note, the adjudication committee is authorized to reduce/adjust funding requests.
